

Hoboken Charter School

A K-12 community of learners, the Hoboken Charter School seeks to develop the academic, artistic, personal, and civic growth of all its members through its commitment to service learning and learner-centered education.

April 11, 2010

Dear Hoboken Charter Community,

We have a new home!

It is a pleasure to announce that we have successfully negotiated to lease the school building formerly known as the Academy of the Sacred Heart at 713 Washington Street through June 2012. The lease includes an opportunity to purchase the building in the future.

Classes from Kindergarten through to 8th Grade will be housed at the new location beginning September 2010.

Our board members, the parents association, the facility committee, the HCS leadership and staff, and a hard working group of parents joined together to bring this deal to fruition. This team has already begun to address our next priority which is to renovate the property to best accommodate our K-8 program. It is an ambitious yet completely reasonable and achievable schedule.

Volunteers are always a valued resource and we may call upon you for your assistance along the way. Further announcements will be forthcoming as we move forward with this relocation.

We thank the Sisters of Charity of St. Elizabeth for assisting us, and you, the parents, guardians, staff and students for your great patience. We look forward to September and getting our students settled into this new facility.

Sincerely,

Helen A. Cunning, President, HCS Board
Dan Weisz, Facilities Chair
Paul Condon, Facilities Chair
